

City of Rockville

## MEMORANDUM

February 25, 2011

TO: APFO Advisory Committee members

FROM: Deane Mellander, Zoning Administrator

SUBJECT: Committee Update

In advance of your upcoming meeting, I wanted to follow up on some items from the 2/24 meeting.

1. The 3/3 meeting will begin with a presentation and discussion on the historic background for the City's APFO by former Mayor Larry Giammo and former Councilmember John Hall.
2. If time allows, we will begin the discussion of the context of the APFO/APFS, including demographic projection. The memo attached to this packet provides some of background data. Also attached is the memo from Jim Wasilak to Scott Ullery regarding the school projections. The tables at the back show the current approved projections from MCPS (dated June 9, 2010) and the projections with approved developments included (dated February 22, 2010). Additional information can be had at the following links if haven't already done so:
3. The City's Strategic Scan: <http://www.rockvillemd.gov/government/strategicscan/>,  
The Municipal Growth Element (MGE):  
<http://www.rockvillemd.gov/masterplan/elements/MunicipalGrowth121310.pdf>.

Please let me know if you have any questions prior to the meeting.
